

## ***HOW TO FIND THE UK'S CONCRETE REPAIRERS***

The handy and popular one-third A/4 sized Concrete Repair Association (CRA) Members Directory for 2008 has just been updated and published. The edition marks the 20<sup>th</sup> anniversary of the Association's inauguration.

As well as including updated information on each of the CRA's thirty-five member companies, the document is specifically intended to be of practical, every-day use to Clients, Specifiers, Consultants, Surveyors and Local Authorities involved in the practice of concrete repair and allied activities.

The pocket-sized, 58-page booklet, gives information on the vast majority of the UK's established specialist contractors, product manufacturers, product distributors and associated organisations. Each member company page lists its head and regional office locations, web site, email details and the names of primary contacts. It also includes a description of the company's specialist concrete repair capabilities (or in the case of manufacturers - its products) and third party accreditations.

To assist selection when compiling tender lists for concrete repair work, each contractor's entry includes details of contract values catered for, the company's largest contract to date, its total turnover, the value of its concrete repair related business and its geographical area of operation.

The Directory also contains details of the Association's technical helpline; its NVQ/CSCS related training scheme, Codes of Practice, a bibliography of allied documents and a list of closely related organisations. It also provides information regarding the Association's free CD-ROM, which contains audio-visual programmes on 'The route to a successful concrete repair' and 'Structural strengthening with composites', as well as other useful Advice Notes.

Copies of the 2008 edition are available free of charge from the Secretary, Concrete Repair Association, Association, Tournai Hall, Evelyn Woods Road, Aldershot GU11 2LL. Tel: 01252 357835.
